St Andrew's Church, Congresbury

A Celebration of 800 Years

Congresbury, St Andrew

"Best of all is the church with doorways worthy of a cathedral and one of the most graceful of Somerset's few spires."

This publication is an attempt to provide a detailed history and guide to St Andrew's church, the Refectory and surrounding grounds.

The size, strength and beauty of the church must have been a marvel to those living some 800 years ago. Throughout the centuries it has been the centre of the community and a place of mystery and hope. I would like to believe that in another 800 years future generations will still be celebrating the existence of this wonderful group of buildings and their splendid environment.
