He also updated the meeting on the potential impact of the proposed installation of the larger pylons extending from Hinkley Point to Avonmouth.</p> <p>VR shared his thoughts about the following possible sites:</p> <ol style="list-style-type: none"> 1. Sites identified by Dick Broomhead around Congresbury inc Honey Hall. 2. Locking Castle 3. Hillsea- late Saxon site in Claverham. 4. Kingston Seymour- Roman salt kilns. 5. Ashcombe Park- a prehistoric field system. 6. Churchill- another Saxon island but also fields with interesting names. 7. Monitor the Bristol Water pipe-line. <p>Of the above he reported that there were delays re the pipe-line due to the need to produce extensive EIAs as well as issues surrounding the proximity of the line to historic buildings and other important sites. VR felt that Locking Castle would be an excellent project for YCCCART as all interested parties had expressed support in a survey taking place</p> <ul style="list-style-type: none"> • VR to arrange a meeting with all of the above. <p>He was also keen to explore Honey Hall. <p>Action 26</p>	<p>JW felt that it would be a good idea if YCCCART members wore some type of indentifying logo, either as part of a sweatshirt, as a badge or on a vest/tabard when promoting its work, ie on walks or at the village fetes. It was generally thought to be an idea worth pursuing especially has there were funds from Mary Campbell's bequest still to be spent.
